RE: Draft Addendum (April 1997)
Sites 03 and 09 Phase III RI Work Plan
Offsite Monitoring Well Installation and Sampling at Site 03/Nike
NCBC Davisville, Rhode Island
Submitted 11 April 1997, Dated April 1997

Dear Mr. Otis;

The Rhode Island Department of Environmental Management (RIDEM) Office of Waste Management has reviewed the above referenced document. The work plan proposes to only evaluate TCL VOC. Based on our 8 April 1997 conference call between EPA, Navy, and RIDEM it was agreed that these proposed wells would be sampled for full parameters. Please revise the work plan to reflect this agreement, otherwise the workplan is acceptable to RIDEM.

If you have any questions or require additional information please call me at (401) 277-3872 ext. 7138.

Sincerely,

Richard Gottlieb, P.E.
Principal Sanitary Engineer
